

Curriculum Statement

Each term, year group teams plan their own topics so that they are stimulating and engaging. Our learning is organised into cross-curricular topics so that interesting links can be made across subjects. There is a strong focus on Maths and English, including communication skills, so that pupils are well prepared for the next stage of their education.

We don't use any schemes - only real books, hands-on experience and practical resources. Pupils go on a variety of trips & visits every year, which include many of London's world class venues. They regularly work with artists & performers from a wide range of disciplines, and participate in concerts at the Royal Festival Hall.

Every child at Hill Mead has two years of swimming lessons, the chance to play a stringed or wind instrument for at least two years, and a residential school journey in Year 6.

In addition to running our school teams - Hill Mead is currently Lambeth champions in three sports, our two sports coaches deliver high quality physical education, including structured playtimes, every day.
